SPECIAL PROMOTION

Judd Veterinary Clinic

Canine Annual SENIOR Wellness Package

Includes FREE recommended routine annual vaccinations

Bringing your pet into our office for an annual examination is one of the most important things you can do to maintain your pet's health. For dogs over 2 years of age, each year represents 6-8 human years so an annual examination is very important. Dr. Judd recommends several annual tests for 2 important reasons. First, if your pet has a disease process, we can possibly diagnose the problem before symptoms develop and begin treatment early. Secondly, if the tests are normal, we have a baseline in case future medical problems arise. These tests will look for evidence of disease, anemia, infection, hormonal disorders, vital organ function, and parasites.

Package Items
Full Physical Exam
Rabies Vaccine
Distemper, Hepatitis, Parvo, Parainfluenza Vaccine
Leptospirosis Vaccine
Kennel Cough Vaccine
Heartworm Test
Fecal Analysis
Urinalysis (check specific gravity, chemistry of urine, and sediment in urine)
